

(President's Message from page 1)

Congratulations are in order:

CONGRATULATIONS! I would like to take the time to acknowledge a very impressive accomplishment by one of our residents.

Marcus Veasley, graduated from Hoffman Estates High School A YEAR EARLY!

This is a great accomplishment and an example of what positive things the young residents in our complex are capable of doing. I personally hope his peers will not only congratulate him, but see this as inspiration to set positive goals for themselves as well.

No rain on this parade:

I saw a few residents from Hanover Square at the Bartlett Independence Day Parade.

Think you didn't see me? I am sure you did, you just didn't KNOW it. Along with a few other members of the "Star Wars costuming group" I was in the parade. We had a great time and LOVED seeing the smiles on all the kid's faces. We have been asked to return next year.

Property repairs:

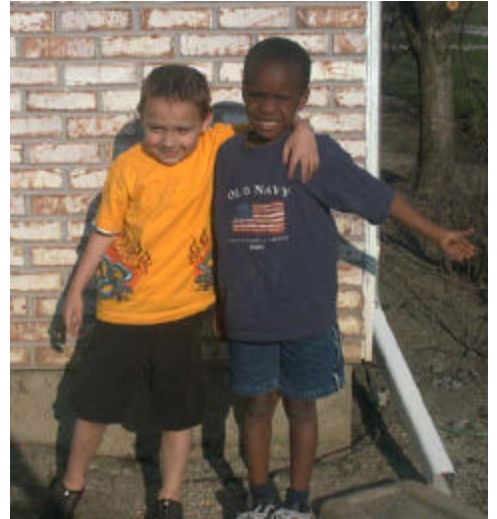

After our spring property inspection was done and repair notices sent out, the majority of residents made the repairs soon after. THANK YOU! This not only makes YOUR unit more appealing, but it gives the entire complex a better look. It shows we have PRIDE in where we live. ☺

Lighting:

A few more residents have been turning on their porch and garage lights. THANKS! This not only helps light the area, but also gives the complex a more inviting appearance, not to mention helping prevent crime. The more lights that are on the better things will be!

Helping out:

Here are a couple of helpers, they were caught giving us a hand cleaning up around the neighborhood.

We kinda missed their names, if anyone knows who they are let us know so we can let everyone know.

Well I have gone on long enough. Hope you have enjoyed the year so far and will continue to do so.

Tom Schaefer

What is Education Worth?

Our working careers span the ages of 22 to 65. Following are the average amounts one could expect to earn over these 44 years, depending on education level.

- High School Graduate: \$1.1 million
- College Degree: \$2.1 million
- Advanced Degree: \$2.5 million
- Professional (Doctor, Lawyer): \$4.5 million

Final Thought:

If you don't have anything to do,
don't do it here.
